

CURIOSITY KIDS PRESENTS

TIME TO TINKER!

**LOOKING FOR SOMETHING TO DO THAT IS CREATIVE?
TRY TINKERING!**

INSTRUCTIONS

1

Ask Mom, Dad, Grandma, Grandpa or any other adult where you can go hunting for tinkering items. Have them help you look. I went searching in my workshop!

INSTRUCTIONS

2

Try collecting a variety of items: wire, ribbon, string, and tape are all good for attaching things. You will need some tools. I only used scissors and wire cutters. I also used a pulley, a light socket & light bulb, nuts, and other oddities I found stowed away in various drawers. Then get creative!

3

Voila!!! I made my version of one of my favorite movie characters, Don Lockwood. Can you guess the movie? Check it out...the actor who plays him is a Pennsylvanian! Can you make a version of your favorite movie character? Give it a try!

The movie *Singin' in the Rain* (1952) featured actor, dancer, singer, director, producer and choreographer Gene Kelly as the lead character, Don Lockwood. Kelly (1912-1996) was born and raised in the East Liberty neighborhood Pittsburgh, Pennsylvania. After graduating from the University of Pittsburgh, he pursued a successful career in entertainment being honored for his roles on stage and screen.
